

5th Edition of International Conference on
**NEUROLOGY AND
NEUROLOGICAL DISORDERS**

JUNE 15 -16, 2022 | Hybrid Event

Join In Person at **Rome** or Virtually from **Home** or **Work**

TENTATIVE PROGRAM

KEYNOTE PRESENTATIONS (IN-PERSON)

Title: Spontaneous neurological recovery (SNR) following traumatic spinal cord injuries (TSCI)

W S El Masri, Clinical Professor of Spinal Cord Injuries- Keele University, United Kingdom

Title: Antibodies with functionality as a new generation of translational tools designed to monitor multiple sclerosis (MS) at clinical and subclinical stages

Sergey Suchkov, MINO MGUPP, Russia

KEYNOTE PRESENTATIONS (VIRTUAL)

Title: Exploring the psychophysical phenomena; fibromyalgia, myalgic encephalomyelitis/chronic fatigue syndrome (ME), postural orthostatic tachycardia syndrome (POTS) and introducing novel approaches for effective neurophysics treatment for these physical and me

Ken Ware, NeuroPhysics Therapy Institute, Australia

Title: The brain in winter

Kenneth Storey, Carleton University, Canada

ORAL PRESENTATION (IN-PERSON)

Title: Introducing a mindfulness-Based protocol for recovery from stroke (MBRfS)

Lori Gray, Western Michigan University, United States

Title: Digital therapeutics: A modern treatment tool for neurodegenerative, neurological, and psychiatric disorders

Karisa B Parkington, Independent Researcher, Canada

Title: The effects of arm exercise on trunk function in individuals with spinal cord injury

Shinyi Chloe Chiou, University of Birmingham, United Kingdom

Title: CIRS-LAS - Outstandingly improve quality of preclinical studies and animal welfare

Sabine J Bischoff, University Hospital Jena, Germany

Title: Cognitive and emotional disturbances following a ischemic stroke within the rehabilitation process.

Beata Taradys - Ruszkowska, Szpital, Poland

Title: Neurological development, epilepsy, and the pharmacotherapy approach in children with congenital zika syndrome: Results from a two-year follow-up study

Maria Eulina Quiliao, Instituto da Criança of Hospital das Clinicas de São Paulo/USP, Brazil

Title: The jahi mcmath case: Brain death diagnosis is challenging in patients with posterior fossa lesions

Calixto Machado, Institute of Neurology and Neurosurgery, Cuba

Title: Neurochemical profile in the frontal lobe and in putamen in patients with Parkinson's Disease (PD) as biomarkers of the Level of Cognitive Impairment (CI): In vivo 1H MRS study

Pavlo V. Osypenko, Medical Clinic Dobrobut, Ukraine

Title: Drug and substance abuse in refractory epilepsy

Raafat Mandour, Mansoura University, Egypt

Title: Emotion detection using brain EEG signals and stabilizing mental state by music therapy

Nisha V. Kimmatkar Wandile, RCOEM College Nagpur, India

Oral Presentation (In-Person) slots are available

ORAL PRESENTATION (VIRTUAL)

Title: New insights in neuron-Astrocyte communication: Astrocytic g protein coupled receptor heteromers and release of glutamate

Manuela Marcoli, University of Genova, Italy

Oral Presentation (Virtual) slots are available

Poster Presentation (In-Person) slots are available

Poster Presentation (Virtual) slots are available
